

## Competition Programs

Joining a competitive team is a full commitment and therefore fees are non refundable.

Commitment to attendance is an important factor in joining a competitive team.

Poor attendance can cause teams to fall behind, for this reason, our policy is max 3 missed classes per class for the season. If a dancer has exceeded this, they will be responsible for arranging private lessons at an additional cost. We do not recommend using private lessons as a replacement for group class time as the result is not the same.

### COMPANY
